

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary amounts to a free political advertisement for the Bush campaign, and goes against the principles of our democracy. Moreover, it's a continuation of a trend towards greater conservative political hegemony of the broadcast airwaves which undermines the principles of democracy, and is more in line with what might have occurred in the former Soviet Union.

I urge you to thoroughly investigate the newsworthiness of this "documentary" and act accordingly to prevent this potential breach of justice.

Respectfully Yours,
George Theodoris, Ph.D.
